CRAWFORD'S CORNER

It hardly seems possible that summer is almost gone and it is almost time for our fall meeting!! Here's hoping to see a good crowd at Duffield, Va. on October 4th and 5th. With this issue of SCRIP TALK, you will find a reservation form to be sent to John Taylor for room, table and meal reservations. John advises that everything is shaping up fine for the meeting. Remember, this area is DRY so as our janitor says, "BYOB". Try to get to Duffield - you will enjoy it.

Also with this issue of SCRIP TALK is a list of tokens to be sold at auction during our Duffield meeting. Mail bids will be accepted - please note the deadline and where bids should be mailed!! Nice pieces are still needed for the auction, so turn them in at Duffield if you can't get them to us before then.

It is time too to put in a plug for our regular SCRIP TALK auctions. Early this year I sent in over 100 lots - all but one sold and all at what I believe to be reasonable prices, and I think better than I could have done any other way. All of our membership should keep in mind that auction fees are reduced to 10% - half normal rates - for selling pieces belonging to the estate of a deceased member.

Too, be sure to bring your foils of new finds to Bill Williams at Duffield or mail them to him at Oak Ridge.

Some two or three meetings back, "Tip" Tippy showed us a fine slide presentation of scrip and other coal related collectibles. Seeing this program aroused my interest, and I am now making slides of some of my finer Kentucky pieces, with the possibility of making a program suitable for presentation. It is not a major undertaking or an expensive one for an inexperienced photographer to get nice close up slides. My equipment consists of a Pentax K1000 camera with standard 50 mm lens, a set of Gemini close-up lenses (about \$15.00), and a tripod. Results have been excellent with Kodachrome 64 film and natural light. At some future meeting, these will be made available for anyone who would like to see them. The advantage of having the slides became clear to me after giving a couple of presentations on scrip without having them.

For members interested in the history of coal towns, "Pruden (As We Remember It)" is available from: Bonnie M. Page, Box 407, Lake City, Tennessee 37769 - price \$15.00 postpaid. This is "a book of history, memories, and other compiled material of the coal mining town of Pruden, Tennessee". Approximately 125 pages, including maps and pictures, softbound.

Membership is still probably our most important concern, getting new members and keeping the old !! Veep Mark Ballard will appreciate the help of all of us in this endeavor!! Too, try to sell the package deal - \$34.00 for an Edkins catalog and a one year membership. Remember that any member signed between now and December 31, 1985 gets the balance of 1985 free and all of 1986.

See you at Duffield !!

NOTES ON THE PITTSBURG & MIDWAY COAL MINING COMPANY

Scriptor Stuart Brown of Virginia has forwarded for the archives a copy of "CHEVRON WORLD" - Spring 1985 issue - which features an interesting article on the history of The Pittsburg & Midway Coal Mining Company.

The article notes that the company was started in 1885 in the little Kansas towns of Pittsburg and Midway. It notes that forty years ago the company's entire production was 500,000 tons. In 1984 the company mined 13.4 million tons which represented nearly 2 percent of the nation's coal production.

P & M owns and operates, or has interest in 10 mines in eight states with a capacity of 16 million tons of coal each year. The mines are: McKinley Mine, Gallup, NM - partially located on Navajo Indian reservation with 6 million capacity annually.

Kemmerer Mine, Kemmerer, Wyoming - largest open pit mine in the United States.

Midway Mine on the Kansas-Missouri border. This "mine mouth" operation delivers coal directly to an adjacent power plant.

Colonial Mine, Madisonville, KY is the oldest mine of P & M still in operation. Started in 1945, it has annual production capacity of 1.2 million tons.

Pleasant Hill Mine, White Plains, KY is a new surface operation.

Edna Mine, Oak Creek, Colorado - One of the nation's highest surface mines at altitude of 8,200 feet in the Rocky Mountains.

Empire Mine, Asbury, MO - surface mine serving a nearby power plant.

North River Mines, Berry, AL - surface and underground with P & M owning a 50 percent interest.

Emery Mine, Emery, Utah - underground mine with P & M owning 50 percent. This was site of recent mine disaster.

BOOK REVIEW - "SEWELL - A NEW RIVER COMMUNITY" BY RON LANE AND TED SCHNEPF.

This 44 page booklet traces the development of one of the now ghost towns on the New River. Chapters include: The Early Days 1749 - 1873. The Industrialization of Sewell 1873 - 1908. Sewell's Era of Commercialization 1908 - 1952. Community Life at Sewell and Sewell's return to nature -1952 to present.

The book contains many old photographs including the making of coke along the river. Old mine scenes along with lumber pictures and the history of the Sewell Lumber Company and the Babcock Lumber and Mining operations. Information on company stores and scrip is included in the publication.

For additional information on the book and current prices, contact "New River Gorge National River, P. O. Box 1189, Oak Hill, West Va. 25901".

D I S A N D D A T A -- Scriptor Bill Williams has called to my attention that new members 1154 and 1155 have not been listed in SCRIP TALK !! Sorry about this and here there are: 1154 - A. Joan Spera, 918 Kanawha Terrace, St. Albans, WV 25177 and 1155 - Robert Leonard, 305 Winding Way Road, Bristol, VA 24201. Scriptor Duncan signed 1154 and Scriptor Orfield signed 1155... Vice President Mark Ballard has devoted a lot of effort to signing up additional members for NSCA. Why not help him by using the application in this issue to sign up a new member?? Too, have your new members purchase an Edkins Catalog. As will be noted in the book report in this issue, we need to sell approximately 100 copies to get all the past book debts in order !!! Randy Chambers, Box 1026, Gaffney, South Carolina 29342 has a big Mail Sale on tokens and medals ready. Drop him a note if you want a list. Included are Hard Times tokens, lumber, cotton mills, parking, etc.... Scriptor Paul Kouts won the last membership contest and the Janitor failed to give him proper recognition for this effort!! He signed a host of new lamp collectors for NSCA. Now we need news items and FREE ADS etc. on lamps to reach this segment of our membership !! The Executive Committee will have to decide at its next meeting as to what type of award we will present to Scriptor Kouts!! A Boyett clock as in the past or ?? Paul, do you have any suggestions for the Board ?? ..The Kentucky collectors had another mini-meet at Middlesboro on Sept. 1st but because of deadlines could not get notice in SCRIP TALK on this. Believe that a mailing was made to KY area collectors on this !!

Since the last issue of "SCRIP TALK" (No. 108), 17 copies of the Edkins Catalogue have been sold for a total of \$418.00, leaving us \$2650.00 short of enough money to pay the remaining bills totaling \$5429.00. In order to avoid defaulting on our loan from TAMS, the Chairman loaned the Committee the \$2100.00 needed to pay the \$5000.00 loan in full. Appreciation has been expressed to TAMS for enabling us to publish the Catalog. In addition, a copy of each Vol. I and Vol. II have been contributed to the TAMS Library by NSCA.

An analysis of the sales shows that 413 copies of Vol I and 255 copies of Vol. II have been sold. In addition, the last copy of the special limited collectors edition has been sold. Many thanks to Jim Cooke of West Point, Va.

We need to sell 111 more copies in order to get out of debt. This can be done by those members who have not purchased the new catalog, and by selling a catalog to new members as they sign up. The Catalog is a valuable reference book for any collector and especially for those who are entering coal scrip collecting. So, BUY your copy now !!

The Catalog Committee membership has been completed with the addition of Steve Ratliff of Pace, FL and George Hohmann of Fairmont, WV to the existing members of David Schenkman, Bryantown, MD, Crawford Blakeman, Middlesboro, KY and Bill Williams, Oak Ridge, TN. Many thanks to Steve, George and David for agreeing to join with Crawford and Bill in the tedious task ahead of compiling new finds and ferreting out inconsistencies in the existing Catalog.

The Catalog Committee has been advised of a new find consisting of several \$5.00 and \$10.00 brass pieces from the Honaker Lumber Co., (Honaker, VA). The best estimate is that the new rarity value for each piece is R7. The \$5.00 was an unlisted piece and the \$10.00 was rated R10.

DIS AND DATA....As time and space permits.... Several have inquired as to how to get to Duffield, Virginia for the Fall Convention... In consulting a detailed new map of Virginia, the following info is being given to help: Coming from West Va. and northern areas, it would seem to be that Interstate 81 to Bristol, Virginia - 11W to Kingsport, Tennessee and then 23 North direct to Duffield - all four lane road... Those coming from Kentucky and Western Tennessee areas would probably find Route 23 from Pikeville into Norton, Virginia and then 23 South to Duffield. For the Harlan, Kentucky area, the best route might be Route 421 thru Harlan thru Pennington Gap right to Duffield....A folder from the Ramada Inn indicates that they have 102 deluxe guest rooms and the ballroom - banquet hall is 37' x 83' giving 3070 square feet for the scrip event... SCRIP TALK needs additional articles for publication.... Why not jot down some notes about your famous scrip find and send along. We will edit and attempt to publish... Surely you have some great 'scriptale' that you would like to share with the other members!! Too, notes on your last 'scriptrip' would be of interest....Information received by your Editor indicates that the huge scrip collection purchased from Bob Craigo has now been donated to the West Virginia State Museum... Any information on this would make a good article for a future issue...Bill Williams indicates that additional sales of the new Edkins Catalog are needed!! Why not get your copy if you have not already done so!! Too, a donation of a catalog to your local library would be a fine thing for you to do !! Surely, they would welcome the donation!!.... Too, your bulletin is in need of PAID ads... The FREE ads go to Steve Ratliff which the paid ads go to the Editor. A full page for \$20 (no mail sales) if the copy is ready for the camera (stencil cutter)... Use black ink or carbon ribbon on your typewriter!! ...Scripitor Paul Jensen reports that TERRY TRANTOW is now working on a Second Edition of the lumber catalog... He wants rubbings of all unlisted pieces... Contact Terry at P. O. Box 287, Bingen, Washington 98605... What with the summer about gone, now is an ideal time for you to return to the scrip collecting hobby and get busy on 'updating' your collection and records !!
